Product to Catalog Index .....	A48-A53
Specification Charts Index .....	A54
Buyers Guide .....	1-419
Specification Charts Section .....	420-472

### PURPOSE:

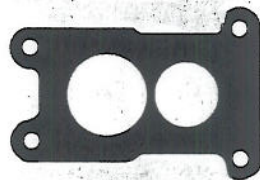

This Fuel System Parts Buyers Guide Catalog lists all Carburetor, Emission and Fuel Injection products including all new products added to our Fuel product. The FSB-01 Fuel System Parts Buyers Guide is a companion to the new CC-2000 Carburetor Kits and Parts Unit Parts Guide, EC-01 Emission Control System Parts and FI-99 Fuel Injection Parts for Passenger Cars and Light Trucks.

### HOW TO USE:

This new Fuel System Parts Buyers Guide provides information for all Fuel Systems products. The Fuel System Parts Buyers Guide is your best source for product illustrations, O.E. part numbers, product descriptions, specifications and general application coverage. Specific application coverage for most of the product contained in this catalog can be found in the CC-2000 Unit Parts Guide of Carburetor Kits and Parts, EC-01 Emission Control System Parts and the FI-99 Fuel Injection Parts for Passenger Cars and Light Trucks.

The Fuel System Parts Buyers Guide is used for product identification and is the one source of product information and specifications for universal products. All parts are listed in numerical order. Refer to the Part Type Index for the page location of a specific part type and the Part Number Index for the page number of a specific part number. Also included in this catalog is a new Specification Charts section to help identify product. See Specification Chart Index located on page A54.

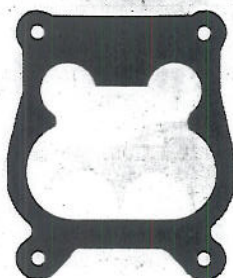

If you require further information such as application assistance, product applications, computerized cross reference or specifications on product contained in this Buyers Guide, our exclusive toll free Product Information center will be able to assist you at 1-800-566-8334.

**14337  
Flange Gasket**

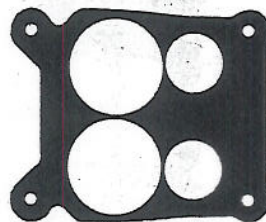

For Rochester 2 Bbl. Carbs.  
Models 2SE and E2SE. Used on  
General Motors 79-85.

AMC 80-83

**14341  
Flange Gasket**

For Rochester 4 Bbl. Carbs.  
Models E4ME and E4MED.  
Used on General Motors 81-86.
